

# UNT Health EHS - BIOSAFETY PROGRAM NEWSLETTER

October is International Biosafety Month, established by ABSA International in 2013. raise awareness of biosafety, biosecurity, and biorisk management.

## OCTOBER IS BIOSAFETY AND BIOSECURITY MONTH

This year, the EHS Biosafety Program is excited to launch a

### BIOSAFETY & BIOSECURITY POSTER COMPETITION

We invite you to design a colorful, eye-catching poster that will remind everyone of important biosafety and biosecurity rules at UNT Health.

#### The winning poster will:

- Be displayed around the institution during the month of October
- Be included in the UNT Health submission packet for the 2025 ABSA International Biosafety & Biosecurity Promotional Competition!

## BIOSAFETY AND BIOSECURITY MONTH

The EHS Biosafety Program hosted a Poster Competition

**27 CREATIVE ENTRIES**

**NEARLY 250 VISITORS**

Each poster reflected a unique perspective on biosafety within our academic biomedical research community.
