

Sponsorship Opportunities

Sponsorship offers a strategic opportunity to showcase your products and services to a highly engaged, cross-sector audience of biosafety and biosecurity professionals from academia, industry, research institutions, and government; representing a broad spectrum of pharmaceutical, research, development, and clinical organizations.

Webinars

ABSA International offers a robust series of high impact, expert-led **webinars** featuring recognized biosafety leaders and a highly engaged professional audience. These programs deliver practical training and continuing education credits, making sponsorship an opportunity to align your organization with a trusted leader in biosafety education for both emerging and experienced professionals committed to advancing their expertise.
